Borg & Overström Totality™

Driven by a relentless pursuit of excellence, Borg & Overström Totality™ is a research and development methodology for the advancement of hygiene, innovation and technology in refreshment systems.

Biofilm, limescale and impact resistant epoxy resin panel finish

Providing an increased level of hygiene and longevity, Fynil™ is a scratch and impact resistant epoxy-resin surface finish - effectively resisting biofilm development and limescale cohesion.

World-class filtration

For the ultimate drinking experience, Borg & Overström appliances can be pre-fitted with a 3M filter to reduce sediment, chlorine, odours and scale.

Laboratory certified 99.999% bacteria-free

Every Borg & Overström appliance undergoes an anti-microbial, antipathogen, sanitising procedure. The reassurance of hygienically safe appliances is provided by the unique bacteria-eliminating process, Sterizen™.

Ultra-violet sterilising system

For added hygiene confidence, appliances can be fitted with Viovandt™ – an ultra-violet sterilisation process that reduces water-borne bacteria.

Additions for B2

Printed paper cups

Environmentally-friendly disposable cups designed to fit Borg & Overström cup dispensers perfectly.

Cup dispenser

Convenient and practical, these cup dispensers complement our range of water cooler systems.

Sanitisation kit

Six monthly sanitising cycles ensure appliances function at the optimum hygiene levels.

Waste kit overflow sensor

Featuring an audible high-water level alarm to prevent the waste tank from overflowing.

Leak detection kit

Featuring a moisture sensor that shuts the water supply in the unlikely event of a leak.

Install kit with 3M filter

Install appliances simply and effectively in a wide range of applications. Complete with a 3M filter.

Ultra-violet filter kit

Complete Viovandt™ filter kit to assist in water purification and removal of unwanted micro-organisms.

Bottle conversion kit

For converting a B2 POU water dispenser into a bottle-fed water dispenser.

Wall bracket kit

For added security, use the wall bracket set to anchor your watercooler back to the wall. Simple to fit and unobtrusive.

Rear cover kit

Tamper-proof rear cover anchors the appliance to the wall and protects plumbing and electrical connections. Ideal for public areas.
